

38381 WORLD CLASS™ SURFACE CLEANER

TECHNICAL DATA SHEET

Description

38381 WORLD CLASS SURFACE CLEANER is a low VOC water based cleaner that uses a unique blend of solvents along with special detergents to properly clean surfaces. It is formulated to remove dirt, oil, grease, silicone and many other common surface contaminants. It is safe for preparing bare metal, plastic, OEM topcoats and refinished undercoats for painting.

Features

- Low VOC cleaner
- Anti-stat properties
- Removes dirt, oil, grease and silicone
- Nonflammable

Typical Properties

Container	Gallon
Density	8.25 #/g1 (990 g/l)
Flash point	167°F (75°C)
VOC	1.3 #/g1* (156 g/l)*

Please refer to www.semproducts.com for physical properties and VOC information. Use VOC calculator to determine VOC of mixtures.

Handling and Application

MIXING:

38381 is ready to use. *NOTE: Mix with appropriate amount of water to meet VOC regulations in your area.

APPLICATION:

Saturate a clean cloth with **38381** and apply to the areas that will be painted. Use a clean, dry cloth to wipe the surface in one direction to thoroughly dry the area. **NOTE:** Use **38381** in small areas at a time. If **38381** dries on the surface, repeat the application. **NOTE:** Avoid prolonged contact with lacquer based surfaces as swelling may occur. **NOTE:** Avoid prolonged contact with bare metal to prevent flash rusting. Dry thoroughly.

STORAGE:

38381 WORLD CLASS SURFACE CLEANER should be stored in a cool dry place with adequate ventilation away from heat, sparks and flames. Protect from freezing. The shelf life for **38381** is 5 years when stored under normal conditions.

TECHNICAL CONSULTATION SERVICE

Our Technical Staff is ready to assist you with any questions. You are invited to take advantage of our extensive experience, laboratory services and trained field service representatives. Call (800) 831-1122 for answers to your questions. Hours of operation are Monday through Thursday 8:00 am until 5:00 pm EST and on Friday 8:00 am until 4:30 pm EST.

DISCLAIMER: The information supplied in this document is for guidance only and should not be construed as a warranty. All implied warranties are expressly disclaimed. All users of the materials are responsible for assuring that it is suitable for their needs, environment and use. All data subject to change as SEM deems appropriate.

Users should review the Material Safety Data Sheet (MSDS) and product label for the material to determine possible health hazards, appropriate engineering controls and precautions to be observed in using the material. Copies of the MSDS and product label are available upon request.
